# BOROUGH OF THORNABY-ON-TEES

## Mayor :

COUNCILLOR J. HUDSON, C.C.

## Deputy Mayor :

\*ALDERMAN MRS. S. J. SMITH

## Aldermen :

C. Anderton, C.C.	A. Nicholson.
*E. E. Brennan, J.P., C.C.	T. Padgett.
J. Corfield.	

## Councillors :

C. Allen.	R. W. M. Kime.
*Mrs. I. Barr.	Mrs. G. E. Knox.
J. B. Burton.	J. M. Scott.
J. W. Collinson, M.B.E., C.C.	J. B. Shaw.
K. E. A. Fern.	A. Story.
Mrs. V. M. Harris.	H. Tanfield.
A. Huggins.	J. White.
D. Jenkins.	W. S. Wood.
*J. Kidd.	

## Chairmen :

Health Committee	...	...	Ald. E. E. Brennan, J.P., C.C.
Local Health Sub-Committee for Thornaby Area	...	...	Ald. E. E. Brennan, J.P., C.C.

\*Members of the Local Health Committee for the Thornaby Area.

The Health Committee consists of the whole of the members of the Council.

Town Clerk	...	...	A. Stockwell.
Borough Treasurer	...	...	H. M. Draycott, F.I.M.T.A.
Borough Engineer	...	...	J. L. Watson, M.I.Mun.E., M.R.S.H.

## Public Health Staff :

Medical Officer of Health  
J. McGOVERN, M.B., Ch.B., D.P.H.

Chief Public Health Inspector  
H. C. SLATER, M.R.S.H., M.A.P.H.I.

Additional Public Health Inspector  
R. W. DOBSON, M.A.P.H.I.

To the Chairman and Members of the Health Committee.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present the Annual Report on the Health and Sanitary Circumstances of the Borough of Thornaby-on-Tees for the year ended 31st December, 1960.

The presentation of this report has given me much pleasure. There is a drop in the infantile mortality rate, the death rate and notifications and deaths from tuberculosis. Poliomyelitis and diphtheria are again absent and there is again a nil return for maternal mortality.

The infantile mortality rate is the lowest ever recorded in the Borough and for the first time is appreciably lower than the national average. In 1958 the infantile mortality was the lowest recorded until then, but was still above the national average, but 1959 showed a relapse and the rate was high. The trend, however, over the past twenty-five years has been downwards, and the rate for 1960 gives us great hope for the future. The local practitioner, hospital and nursing professions deserve credit for their contribution to this continued saving of child life.

The number of notifications of tuberculosis was 7 in 1960 as against 14 in 1959, and one death was recorded from this complaint as against 3 in 1959.

This improvement in all these figures cannot be maintained unless we continue, as a council, to improve the environmental conditions of the population. This means continuation with our clearance of unfit houses, in which branch of housing considerable inroads have already been made, must be maintained. Of the total number of 265 houses included in proposals approved by the Ministry in January, 1956, to be cleared within seven years, 200 have already been dealt with, and the department has the information necessary to enable further clearance areas to be proceeded with whenever building land becomes available.

It is a pleasure to note that the Council are proceeding with plans to provide further housing for the older members of the community in the form of flats and bungalows.

The Chief Public Health Inspector has provided the details regarding the Sanitary Circumstances of the Borough. The Council is kept up to date by means of the full monthly reports provided by Mr. Slater.

This introduction to the Annual Report would not be complete without an expression of thanks from myself and the Chief Public Health Inspector to the Council for their wholehearted co-operation and help at all times. I should like to express my thanks to the Officers of the Council for their assistance and to the members of the Public Health Staff for their loyal co-operation.

I am, Ladies and Gentlemen,

Your obedient Servant,

J. McGOVERN.

## STATISTICS AND SOCIAL CONDITIONS OF THE AREA.

Area (Acres) ...	...	...	...	...	...	...	1,993
Population ...	...	...	...	...	...	...	23,970
Number of inhabited houses (end of 1960)							6,772
Rateable Value ...	...	...	...	...	...	...	£213,884
Sum represented by a penny rate ...	...	...	...	...	...	...	£720

---

The Town is situated on the southerly bank of the River Tees which forms the northern boundary of the Borough and separates it from the Borough of Stockton-on-Tees. On the easterly side it is contiguous with the County Borough of Middlesbrough, and on the southerly and westerly sides with the Rural District of Stokesley.

The surface of the ground is mainly flat, the sub-soil clay, and the industries carried on in the town are mainly connected with the iron and steel trades.

Many of the population work in the neighbouring areas of Middlesbrough, Stockton and Billingham.

### Extracts from Vital Statistics for the Year 1960.

		Total	Male	Female
Live Births—	Legitimate	... 447	233	214
	Illegitimate	... 18	11	7
	Total	... 465	244	221

#### Birth Rates

Legitimate	17.53	per 1,000 estimated resident population.
Illegitimate	.71	" "
Total	18.24	" "

		Total	Male	Female
Still Births—	Legitimate	... 10	3	7
	Illegitimate	... —	—	—
	Total	... 10	3	7

Still Birth Rate—21.05 per 1,000 live and still births.

		Total	Male	Female
Deaths	...	223	125	98

Death Rate—13.12 per 1,000 estimated resident population.

Deaths from Puerperal Causes—Nil.

	Deaths	Rate per 1,000 (live and still births)
Pregnancy, Childbirth, Abortion	Nil	0.00

Infant Mortality—17.20 per 1,000 live births.

Mortality of Legitimate Infants—17.67 per 1,000 legitimate live births.

Mortality of Illegitimate Infants—0.00 per 1,000 illegitimate live births.

Deaths from Measles	...	...	...	...	...	...	...	—
„ Whooping Cough	...	...	...	...	...	...	...	—
„ Diarrhoea (under two years of age)	...	...	...	...	...	...	...	—

The causes of the greatest mortality during 1960 were :

Heart disease	...	...	...	...	...	...	...	66
Cancer	...	...	...	...	...	...	...	55
Pneumonia	...	...	...	...	...	...	...	17
Tuberculosis	...	...	...	...	...	...	...	1
Bronchitis	...	...	...	...	...	...	...	17

There was no unusual or excessive mortality during the year which requires any comment.

#### Comparison of Statistics for the Years 1959 & 1960.

	1959	1960
Population	23,810	23,970
Birth Rate (per 1,000 population)	18.55	18.24
Death Rate (per 1,000 population)	14.34	13.12
Infant Mortality rate (per 1,000 live births)	42.55	17.20

## Infant Mortality.

Causes of deaths of infants under 1 year :

Broncho Pneumonia	...	...	...	...	...	1
Virus Pneumonia	...	...	...	...	...	1
Causes of deaths of infants under 4 weeks :						
Duodenal Atresia and Prematurity	...	...	...	...	...	1
Myelomeningocele Spina Bifida	...	...	...	...	...	1
Prematurity	...	...	...	...	...	2
Uraemia	...	...	...	...	...	1
Virus Pneumonia	...	...	...	...	...	1
Total						8

Seven of these cases died in hospital and had every medical and nursing care.

## BIRTH RATES, DEATH RATES and ANALYSIS of MORTALITY in the Year 1960.

	Rate Per 1,000 Population		Rate Per 1,000 Live and Still Births	Rate Per 1,000 Live Births	Rate Per 1,000 Total Births
	Live Births	Deaths (All Causes)			
England and Wales	17.1	11.5	19.7	21.7	0.39
Thornaby-on-Tees	18.2	13.1	21.1	17.2	0.00

**CASES OF INFECTIOUS DISEASE (OTHER THAN TUBERCULOSIS)  
NOTIFIED DURING THE YEAR 1960**

## DIPHTHERIA PREVENTION.

Diphtheria anti-toxin is supplied free to any Medical Practitioner in the Town who applies for it. Swabs from suspected cases are examined at the Public Health Laboratory, General Hospital, Middlesbrough.

There were no cases of diphtheria during the year.

In the course of medical inspections at schools and at the Welfare Centres parents are encouraged to have their children protected against Diphtheria either at the Clinic on Monday or Thursday or by a private medical practitioner by arrangement.

## IMMUNISATION AND VACCINATION.

Diphtheria Immunisations	...	...	...	...	...	1,636
Poliomyelitis Vaccinations	...	...	...	...	...	3,715
Smallpox Vaccinations	...	...	...	...	...	105

## TUBERCULOSIS.

The following table shows the new cases and deaths for the Borough of Thornaby-on-Tees during 1960 :--

## GENERAL PROVISION OF HEALTH SERVICES IN THE BOROUGH.

### 1. PUBLIC HEALTH OFFICERS OF THE LOCAL AUTHORITY.

At the beginning of the Report a list is given showing the Officers connected with the Health Services in the Borough.

### 2. SERVICES PROVIDED IN THE AREA.

Laboratory Facilities. During the year the Borough Council continued the arrangements offered by the Public Health Laboratory, General Hospital, Middlesbrough, in respect of the diagnosis of pathological specimens.

### 3. NATIONAL HEALTH SERVICE ACT, 1946.

With certain exceptions the Thornaby Area Health Sub-Committee exercises the functions of the Local Health Authority in supervising the services provided for under this Act. The Committee meets once a month in Thornaby and is comprised of members of the County Council, the Borough of Thornaby-on-Tees and the Rural District of Stokesley. Among the services for which they are responsible to the County Council are the following :—

Domestic Helps.

Prevention of illness; care and after care.

The Ambulance Service.

Vaccination and Immunisation.

Home Nursing. .

Health Visiting.

Midwifery.

Care of mothers and young children.

In this connection, a very comprehensive programme of clinical work is carried out in the Health Centre, Thornaby :—

#### (a) District Nurses and Midwives operating in the Borough.

Nurse Boag	District Nurse and Midwife.	Tel.	67226
„ Croft	„ „ „ „	„	65769

- (b) Infant Welfare Clinics :  
Tuesdays and Thursdays at 2 p.m.
- (c) Ante-Natal Clinics :  
Fridays at 2 p.m.
- (d) Post-Natal Clinics :  
Every Friday at 2 p.m.
- (e) Sunlight Clinics :  
Tuesdays and Thursdays at 9 a.m.
- (f) Family Planning Clinic :  
Wednesdays (except August) at 2 p.m.
- (g) A Minor Ailments session for schoolchildren is held on  
Tuesdays and Fridays at 9 a.m.
- (h) The Services of Orthopaedic, Ophthalmic, Dental and  
Aural Consultants are available (by appointment).

4. NATIONAL ASSISTANCE ACT, 1948.  
Section 47. No cases dealt with during the year under the provisions of this section.

### **SANITARY CIRCUMSTANCES OF THE AREA.**

#### **Water.**

There is an adequate piped supply to all households obtained from the Tees Valley Water Board. Co-ordination is established with the Board, whose chemists take samples regularly for chemical and bacteriological examination. All samples have been highly satisfactory and no complaints have been received during this year.

#### **Drainage and Sewerage.**

With the exception of the Vale Cottages, situated on the Borough boundary and well outside the populated area, the town has a complete water carriage system. The whole of the sewerage is discharged in a crude state into the River Tees.

#### **Public Cleansing.**

The work is under the immediate control of the Public Health Inspector and is carried out by direct labour. All refuse collected is disposed of by "Controlled Tipping" on the one site at the Erimus.

#### **Camping Sites.**

There are no camping sites in the Borough.

## **Municipal Swimming Baths.**

The whole capacity of the Bath, amounting to 124,000 gallons, can be turned over, refiltered, sterilised, chlorinated and reoxidised in three and a half hours. The break-point system of Chlorination (or super-chlorination) is used, and all samples of bath water taken during the year for chemical and bacteriological examination were highly satisfactory.

## **Closet Accommodation.**

With few exceptions the town has a complete water carriage system.

## **Schools.**

The sanitary conditions of the Schools were satisfactory.

## **FOOD AND DRUGS ACT, 1955**

For the report, as follows, on the sampling work done under the Act I am indebted to the Inspector of Weights and Measures.

I have to report that during the year ending 31st December, 1960, a total of 60 samples of foodstuffs were taken under the above Act in the Borough of Thornaby-on-Tees. With the exception of one sample of fishcakes, these were reported to be genuine.

The sample of fishcakes was taken early in the year from a Thornaby retailer who was also the manufacturer of them. This was found to be slightly deficient in fish content. Investigation suggested that this was not so much due to the fact that the maker was not putting in sufficient fish, but that the mixture was not being adequately mixed. The full facts of the case were submitted to my Chief Inspector who formally cautioned the vendor. A sample taken some time after the warning was certified to be genuine and further samples will be taken from the same vendor in future to make sure that the warning has been heeded.

A detailed list of samples taken is appended :—

Bicarbonate of Soda	...	3	Lard	...	...	...	2
Butter	...	5	Malt Vinegar	...	...	...	3
Cocoa	...	1	Margarine	...	...	...	1
Coffee and Chicory Ess.	...	2	Milk	...	...	...	24
Dripping	...	3	Milk to School	...	...	...	1

Number of privies, moveable receptacles	...	...	...	4
Number of fresh water closets	...	...	...	7048
Number of ashbins	...	...	...	7870

## **Offensive Trades.**

There are no offensive trades carried on within the Borough.

## **Common Lodging Houses.**

There are no Common Lodging Houses in the Borough.

## **Slaughterhouses.**

Number licensed	...	...	...	...	...	1
-----------------	-----	-----	-----	-----	-----	---

## **DISEASES OF ANIMALS ACT, 1950**

Routine inspections were carried out for the purpose of enforcement of the provisions of the Act, and Orders made thereunder.

The Area remained free from notifiable diseases.

## **INSPECTION AND SUPERVISION OF FOOD.**

### **(a) Milk Supply.**

By virtue of The Milk (Special Designations) (Specified Areas) Order, 1954, the use of a Special Designation has been obligatory for the purpose of all sales of milk by retail in the Borough since 1st April, 1954.

Particulars of registrations made and licenses issued are as follows.

The Milk and Dairies Regulations, 1949-1954 :—

Number of registered distributors  
operating from :—

- (a) Dairies in the Borough ... ... ... 1
- (b) Dairy Farms in the Borough ... ... ... 1
- (c) Shops in the Borough ... ... ... 64
- (d) Premises outside the Borough ... ... ... 3

The Milk (Special Designation) Regulations, 1949-1954 :—

Number of licenses, including supplementary  
licenses, issued in respect of :—

- (a) Tuberculin Tested Milk ... ... ... 15
- (b) Pasteurised Milk ... ... ... 48
- (c) Sterilised Milk ... ... ... 49

(b) **Ice-Cream.**

Food and Drugs Act, 1955, Section 16, and the Ice-Cream (Heat Treatment, etc.) Regulations, 1947 to 1952.

Number of premises registered to manufacture ice-cream ... ... ... ... ... 1

Number of premises registered to sell ice-cream ... ... ... ... ... 66

A 'complete cold mix' is used in the manufacturing premises, and in all other premises where ice-cream is sold the product is pre-packed and stored in continuous freezers.

(c) **Meat and other Foods.**

The following list shows the number of food premises in the Borough, by type of business:—

Bakehouses	...	...	...	...	...	5
Canteens	...	...	...	...	...	10
Confectionery	...	...	...	...	...	12
Fish	...	...	...	...	...	5
Fried Fish	...	...	...	...	...	16
Fruit and Greengroceries	...	...	...	...	...	18
Groceries and Provisions	...	...	...	...	...	104
Licensed Victuallers	...	...	...	...	...	20
Meat	...	...	...	...	...	22
Refreshments	...	...	...	...	...	3
Sweets	...	...	...	...	...	14
<hr/>						TOTAL :— 229
<hr/>						

Sixteen fried fish shops and eleven butchers shops, are registered under section 16 of the Food and Drugs Act, 1955.

Seven hundred and sixty two inspections were made of premises where food is prepared, stored or sold. Twenty five informal notices served were promptly complied with, and in no case was it found necessary to take statutory action or legal proceedings.

The food hygiene regulations were generally well observed, and the standard of cleanliness of premises and equipment was good.

**Carcases and Offal inspected and condemned in whole or in part.**

	Cattle Excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses

### SHOPS ACT, 1950

Six hundred and eighty inspections were made under the above Act, and twenty seven informal notices served were complied with by the end of the year.

### DISINFESTATION

Forty six premises were treated with insecticides for the eradication of common insect pests, with satisfactory results. Inspections were made to check re-infestation, and tenants advised on precautions to be taken.

The houses of all prospective tenants for Council houses are inspected and the house and furniture must be certified as clear from vermin before removal takes place.

### RODENT CONTROL.

One trained Rodent Operative is employed part time on this work. Regular surveys were made and all complaints given prompt attention.

All sewers in the district received two treatments in accordance with the methods approved by the responsible Ministry, and routine inspections and treatments were made at other Council properties.

The following table shows the number of inspections and treatments carried out during the year:—

Type of Property	No. Inspected			No. Treated	
				Rats	Mice
Local Authority	...	...	...	10	2 1
Dwelling Houses	...	...	...	1001	79 70
Business Premises	...	...	...	228	13 15
				1239	94 86
				==	==

### REFUSE COLLECTION AND DISPOSAL.

Three, seven cubic yard, Karrier Refuse collection vehicles and a staff of sixteen men are engaged full time on the collection and disposal of house refuse.

Refuse is collected from approximately 7,000 premises, and a regular weekly collection service from all premises was maintained throughout the year.

All refuse is disposed of by controlled tipping on low lying land near the old river Tees, and adjoining the Middlesbrough boundary.

The cost of the service was £11,335..

### SMOKE ABATEMENT.

Forty-two smoke observations were made during the year, and four informal notices served regarding excessive smoke emission.

A proposal to make a smoke control area in the southern part of the borough is under consideration.

Byelaws made under section 24 of the Clean Air Act, 1956 are in force within the Borough.

The Local Authority is a member of the Tees-side Smoke Abatement Committee, and in common with other members of the Committee carries out tests to assess the extent of atmospheric pollution. A deposit gauge and a lead peroxide instrument are sited in central positions in the town from which monthly tests are made by the Public Analyst.

The average monthly deposit of total solids for 1959, as measured by the deposit gauge, was approximately 14 tons per square mile.

### PETROLEUM (REGULATIONS) ACTS, 1928 to 1936.

Licences were granted to twenty seven firms for the keeping of Petroleum Spirit, each licence being for twelve months.

All the petroleum spirit is kept in separate stores, specially constructed of fire-proof materials throughout, and the Regulations otherwise complied with.

**FACTORIES ACT, 1937.**  
**INSPECTION OF FACTORIES.**

Premises	No. on Register	Number of		
		Inspections	Written Notices	Occupiers prosecuted
(i) Factories in which Sections 1, 2, 3, 4 and 6 are to be enforced by Local Authorities ...	2	7	—	—
